### GLADIOLUS PRICE LIST FOR 1955

Featuring many of the better newer glads as well as most of the old reliable ones. Each year we drop a number of varieties from our list, these are replaced by newer and better ones. This is not done just because they are older and become cheaper but because by careful selection from the many new varieties grown in our trial garden each year, we have found these better ones in the same color class to take their place. We can't grow them all but we do try to grow the best.

HOLLAND VALLEY GARDENS is owned and operated by H.B. Fancher & Son and is located in the heart of the fertile Holland Valley, seven miles south of East Aurora, New York on Route 16. Visitors are always welcome.

We can furnish you perennials, flowering bulbs, shrubs, ect. let us know your needs.

Let us know your growing problems, we will be only too glad to try and help you. We know some answers and can find out the rest.
